Sir,

With reference to the Micro Plan submitted by us, we are required to conduct 19 camps to cover 1007 students of 7 primary schools but within the financial year 2009-10, we have held only 3 camps and covered only 140 students. Since we have no permanent health officer in this Municipality and since it is difficult to find out the service of any other physicians in this remote area the programme could not completed within the financial year.

We have located a doctor who has agreed to give us service for this programme and desire to conduct the balance 16 camps within the month of May and June 2010 to cover all the students and request you to kindly give us approval in the matter.

This is for your information that the first aid boxes with necessary kits have been handed over to the schools.

An early reply is requested.

Yours faithfully,

Chairman
