Format For Writing Project Proposal By The Municipality

1. Introduction

With GOWB's effort on consolidation of the lessons learnt from earlier Community Based Health Worker Scheme i.e. Honorary Health Worker Scheme, being the first contact care and moving from a parallel and isolated Urban Health Care System to an integrated approach, the modified HHW Scheme is being implemented in 11 municipalities outside Kolkata Metropolitan Area. the municipality is one of them. Integration of the Urban Health Services with the Health Services of the district health offices and facilities of DHFW is one of the key points of integration and sustainability. The scheme will address the comprehensive primary health care and referral services to the Urban Poor.

In this scheme, HHWs in addition to R.C.H. messages, will promote health messages of all communicable diseases, personnel hygiene, environmental sanitation, nutritional deficiency disorders, adolescent health care, participation of males in family health and identification of all types of cases for early management. The HHW and their supervisory tiers will work in tandem with the offices of DHFW in District / Municipality Level for providing comprehensive primary health care and referral services. The HHW and their appropriate supervisory tiers will act as depot holders and provide preventive, promotive and curative services.

Economic parameter of Urban Poor is Rs. 312.13 per capita per month.

> <u>Sub</u>: Regarding dovetailing of NSDP Fund with Community Health Fund created under IPP-VIII/IPP-VIII Extension/ CUDP/CSIP/RCH.

Sir,

I sought clarifications from the Ministry of Urban Development vide my D.O. No. 1185-S/03 dated May 2, 2003 (copy enclosed) on dovetailing of NSDP Fund with Community Health Fund created under different urban Health Improvement programmes for maintaining the services. The matter was referred to the Planning Commission by the Urban Development Ministry. The Planning Commission has approved the proposal contained in my aforesaid letter and the said approval has been communicated to us by the Ministry of Urban Development (Department of Urban Employment) vide their letter No. K-11019/2/2002-NSDP dated the 29th August, 2003. A copy of the said letter as well as the letter communicating the Planning Commission's approval are also enclosed. The position thus stands clarified to the extent that NSDP Fund to the tune of 5 times of the community mobilisation through health visits and imposition of different user charges can be pulled during the particular period for maintenance of health services like honorarium to the health workers, doctors and other technical personnel etc., procurement of drugs, maintenance of equipments and buildings as well as for extension of such services. If Rs. 100/- is mobilised, say during three months, upto Rs. 500/- can be pulled from NSDP Fund. In the same scale, further pulling of resource from NSDP may be allowed for subsequent mobilisation. The NSDP accounts as well as the accounts for the Community Health Fund should indicate very clearly the community mobilisation for a particular period and the corresponding NSDP contribution for that period.

You are, accordingly, requested to please inform all the concerned local bodies to take advantage of this facility to supplement the Community Health Fund.

Yours faithfully,

D.O. No.1185-S/03

Dear Shri Jain,

I would seek necessary clarification on dovetailing of NSDP fund with Community Health Fund for maintaining mother and child health care health facilities created under World Bank funded India Population Programme.

IPP VIII Programme was introduced in 1995 with World Bank assistance in the slum areas of ULBs located within Kolkata Metropolitan Development Area. Subsequently, IPP VIII Extension Programme on similar pattern was also introduced in 10 ULBs outside KMDA in January, 2001. The external assistance for both these projects came to end in June, 2002 and thereafter the facilities are being maintained with budgetary support from this Department and also partly through imposition of user charges. Under this project an honorary health worker for every 200 beneficiary families had been engaged on a lump sump monthly payment of Rs.750/-. She is provided with a medical kit and visits every household twice a month for routine medical check-up of the beneficiary families and also for providing contraceptives, oral rehydration packet etc. The pregnant mothers and also the infants are referred to the first level supervisory tiers which we call the health posts for providing immunisation services. Part time doctors on a consolidated remuneration are provided for these health posts. In the next upper tier we have got outdoors plus 10-bedded maternity homes where we have provided two full time medical officers and three part time specialists. In addition some pathological facilities including X-ray, Ultrasonography etc. have also been provided. Each beneficiary family is to provide Rs. 2/- per month for home visit of the honorary health worker. In addition, for visit to the outdoors and maternity homes, both the BPL and above poverty line beneficiaries are to pay some user charges, the user charges for APL being much higher than BPL families. Such funds collected through home visits and otherwise are maintained in a bank account which we call the Community Development Fund. Kindly recall that the NSDP guidelines provide that for every Rupee raised by the community for various programmes providing educational facilities, health facilities etc. to the community, upto Rs. 5/- can be pulled from NSDP allocation. Now it may kindly be clarified that for every Rs. 100/- mobilised in the Community Health Fund in the aforesaid manner, upto Rs. 500/- can be drawn / from NSDP and the total fund thus generated can be utilised for various health activities of the community like payment of honorarium to the honorary health workers and also to part time/full time doctors attached to the health posts and outpatient departments, for procurement of drugs and medicines, for extension/maintenance of buildings of aforesaid health posts/outdoors-cummaternity home and for routing other necessary recurring and non-recurring expenditure.

Kindly treat this as urgent.

Yours sincerely,

Dear Mr Gosakan.

United Kingdom / India: West Bengal Health Sector Development Initiative - Pilot Support to expanding the Honorary Health Worker's Scheme - Project Grant 2002

Our two Governments agreed an Exchange of Letters for the above project in December 2002.A copy of DEA's confirmation letter of 5th December 2002 is enclosed for ease of reference.

As per the agreed project memorandum, the one-year pilot project was scheduled to start in December 2002. Though the formal agreement paved the way for implementation to begin, unfortunately due to a lack of clarity on funding mechanisms between the line Ministries (Gol and GoWB) and the time it took for both line ministries to agree upon a detailed implementation plan, the project did not start until February 2004. In view of the delay in start date we would accordingly like to seek Government of India's approval to extend the end date of this pilot project t to June 2005 The total allocation of £ 800,000 for the project will remain same.

I hope this is acceptable to the Government of India, and I look forward to receiving a letter from you confirming DEA's approval for the same.

Yours sincerely,

Committees constituted vide Resolution No. HF/O/PHP/658/O-23/98 dated October 25, 2002 of Health and Family Welfare Department for Effective functioning of.

Sir,

Your attention is being drawn to Resolution no. HF/O/PHP/658/O-23/98 dated October 25, 2002 of Health and Family Welfare Department (Copy enclosed), whereby Municipal level Health and Family Welfare Committees for every Municipality / Corporation except Kolkata Municipal Corporation were constituted to ensure integration of all health activities in the Municipalities / Corporations through proper coordination between Urban Local Bodies and the Department of Health and Family Welfare. The aforesaid Committees, of which Assistant Chief Medical Officer of Health (ACMOH) of the concerned Sub-Division is one of the members, are to function under the supervision of District Health and Family Welfare Samity.

During a meeting of the Apex Advisory Committee on Urban Health Improvement Programme under the Chairmanship of Minister in Charge, Municipal Affairs and Urban Development Department, Government of West Bengal, held on September 2, 2004, the issue of non-participation of many ACMOHs in such Committee meetings convened by the Municipalities / Corporations was raised. It was considered that non-participation of ACMOH in the Committee meetings would frustrate the main objective behind constitution of such Committees. The matter has been taken note of and viewed seriously by this Department as well as Department of Municipal Affairs and Urban Development.

Considering the importance of the aforesaid Committees, it is desired by this Department that ACMOHs must ensure active participation in the Committee meetings. In case of their failure to personally attend any of such meetings, ACMOH should intimate the President well in advance and send a suitable official to represent him in the meeting. All ACMOHs of your District should be advised accordingly.
