Esteemed Sir,

SONAPUR, the golden city, has been the bulging center of multifaceted socio political movements since the dawn of Bengali Renaissance. It is a great privilege to walk on this soil. We feel the onus of the great tradition and have the courage to go with the journey so destined. We present herewith a brochure that tells you of what we stand for today.

We are also privileged to tell you that we have the most enviable success of organizing 'Sonarpur Book Fair' for twenty two successive years since 1989. The fair has already been acclaimed & acknowledged as one of the most phenomenal events in the state by the media and the people at large. Some hundred thousands of booklovers converge in from the entire district, and a good number from the neighboring districts as well. The ten-day festivity, by and large, is a composite reflection of life and learning. This year, we are going to organize the **23rd SONARPUR BOOK FAIR** during the days from **07th December to 16th December, 2012**. The district of "**Hoogly**" has been declared as the theme of this year's fair. Once Hoogly was a port Town on the west bank of Hoogly River. But the district has thousands of year's heritage in the form of traditional Bengali realm. This little part of India actually started gaining real significance since the coming of the Portuguese in 1536. Then came the Dutch, The Danish, The French, The Belgium, The German and finally the British. Since then, had been the arena of many upheavals and turmoil for some hundred years. The district even in present days have been the epicenter of hopes and despairs. So, Sonarpur has the most challenging task of making a replica world for the theme district, which for a matter of fact reason demands long days toil and dedication. We are quite certain that this would be an experience of uncommon and would pull more millions to the fair campus.

We take the liberty to tell you that eminent Publishers from Kolkata and surrounding districts will participate in the **23rd Sonarpur Book Fair**. And, it is almost certain that, like previous year, publishers from Latin America & Europe shall be there in the arena of **23rd Book fair**.

Some hundred thousands of booklovers converge in from the entire district, and a good number from the neighboring districts as well. The ten day festivity, by and large, is a composite reflection of life and learning. This year, we are going to organize the 23rd SONARPUR BOOK FAIR during the days from 07th December to 16th December, 2012. The district of "Hoogly" has been declared as the theme of this year's fair. Once Hooghly was a port town on the west bank of Hoogly River. But the district has thousands of year's heritage in the form of traditional Bengali realm. This little part of India actually started gaining real significance since the coming of the Portuguese in 1536. Then came the Dutch, The Danish, The French, The Belgium, The German and finally the British. Since then, had been the arena of many upheavals and turmoil for some hundred years. The district even in present days have been the epicenter of hopes and despairs. So, Sonarpur has the most challenging task of making a replica world for the theme district, which for a matter of fact reason demands long days and dedication. We are quite certain that this would be an experience of uncommon and would pull in millions to the fair campus.

We take the liberty to tell you that eminent Publishers from Kolkata and surrounding districts will participate in the 23rd Sonarpur Book Fair. And, it is almost certain that, like previous year, publishers from Latin America & Europe shall be there in the arena of 23rd Book fair.

Sub: Request for participation of the Municipal Affairs Department in the India International Mega Trade Fair from 14th to 24th December, 2012 at the Science City Ground in Kolkata.

Dear Sir,

It gives us great pleasure to inform you that the **India International Mega Trade Fair** will be held at the **Science City Ground in Kolkata** from **14th to 24th December, 2012**.

G S Marketing Associates pioneered the India International Mega Trade Fair. Over the last several years, this fair has become a much-awaited event in the annual calendar of Kolkata. The fair has literally set the benchmark for successful fairs. The venue, the Science City Ground is a prime location and is easily accessible by all means of transport for visitors from all over Kolkata and its surroundings. Many important and major exhibitions are held here. We have had a record number of visitors at this venue.

The fair could provide an excellent platform for the visibility of the achievements of the Municipal Affairs Department. Your Department's participation could genuinely generate a lot of interest.

We are having a special pavilion for Bengal of 40 stalls which can be stretched to 60 stalls. We would like to promote all the Government Departments, industries and companies coming under the Government of West Bengal. They can display their achievements, future plans and their vision for progress.

We sincerely hope that you will show interest in this regard. As you will appreciate, an initiative of this magnitude requires a great deal of planning. So we will have to start working in earnest for the same.

Sub: Request for participation of the Ministry of Urban Development, Municipal Affairs at the India International Mega Trade Fair, from 16th to 26th December at Science City Ground in Kolkata.

Respected Sir,

It gives us great pleasure to inform you that the India International Mega Trade Fair will be held at the Science City Ground in Kolkata from 16th to 26th December, 2010. Since it is being held in the winter holiday season, it is expected to attract maximum visitors. This fair attracts maximum B2B and B2C visitors. The footfall is expected to be high and as record says last year we had a record number of 2.5 – 3 lakh visitors witnessing the mega trade fair which is sure to increase this year.

G S Marketing Associates pioneered the India International Mega Trade Fair. Over the last several years, this fair has become a much-awaited event in the annual calendar of Kolkata. The fair has literally set the benchmark for pollution free fairs. The venue, the Science City Ground is a prime location and is easily accessible by all means of transport for visitors from all over Kolkata and its surroundings. Many important and major exhibitions are held here. We have had a record number of visitors at this venue. It has unlimited car parking facilities.

The fair could provide an excellent platform for the visibility of the achievements of the Ministry of Urban Development and Municipal Affairs. This Ministry has a long history to narrate. The post-independence connection as well as the present scenario could be highlighted through models, miniature replicas, artist's impressions, pictures etc. The rapid evolution of India's Urban Development could be chronicled through interesting snippets and landmark events. The future plans of the Ministry of Urban Development and Municipal Affairs can also be showcased effectively. Urban development, being intrinsically connected to every Indian, could genuinely generate a lot of interest.

The topics for display can include the following: Displaying the strengths and latest developments of Urban areas in West Bengal to the public, displaying the new and existing innovations connected with Urban Development and Municipal Affairs, giving information regarding the various technological advances made by this Ministry. Also highlighting this Ministry's contribution to the economic progress of W. Bengal.

MATTER

Inclosed herewith in
separate sheet

A few words in regard to the implementation of Swarna-Jayanti Sahari Rozgar Yojana (SJSRY) by the State Development Agency (SDA) in the state of West Bengal.

**SWARNA JAYANTI
SAHARI ROZGAR
YOJANA
(SJSRY)**

SJSRY, a centrally assisted poverty alleviation programme, was launched on 1.12.1997.

This programme seeks to provide gainful employment to the unemployed and underemployed urban poor through encouraging the setting up of self-employment ventures or provision of Wage Employment.

- The programme targets urban population living below the poverty line
- The special schemes of the programme are:
 - Urban Wage Employment Programme
 - Urban Self-Employment Programme
- Components of Urban Self-Employment Programme are :
 - Setting up of micro-enterprise
 - Formation of DWCUA Groups
 - Vocational Training for skill development
 - Formation of Thrift & Credit Groups
- Amongst the target groups special attention is given to women, persons belonging to Scheduled Caste / Tribes, disabled persons as mentioned below:
 - Percentage of women beneficiaries under this programme should not be less than 30%
 - Percentage of SC/ST beneficiaries should be proportionate to the total population of the town
 - Percentage of disabled beneficiaries should be 3%
- SJSRY is implemented by the municipal bodies through Community Development Societies formed by the representatives of women from BPL families.

The most important feature of SJSRY is the active participation of the women of the poor families in formulating, implementing and supervising the schemes. For this a three-tier structure has been formed at the municipal level consisting of Neighbourhood Groups (NHGs), Neighbourhood Committees and Community Development Societies.

Another very prominent part of this scheme is the formation of Thrift and Credit Groups and the DWCUA (Development of Women and Children in Urban Areas) groups. Necessary circular has been issued to the municipalities to include the above-mentioned women groups in various civic services like Solid Waste Management, creation of urban infrastructure in slums etc. and in quite a few ULBs these groups have been actively involved in some basic civic services like conservancy services, maintenance of street light and collection of user charges.
