Development and Social Welfare has informed that at present 41 shelters are running to accommodate the urban homeless people.

However, it may be stated that considering the persistent developmental activities under different programmes and various infrastructure development projects implemented by the Government of West Bengal, urban homeless population is declining.

Therefore, in order to ascertain the present status of homeless population in our State, State Government feels the necessity of fresh survey and verification and is duly committed to provide shelters to all those found in need of shelters.

The State of West Bengal primarily has identified the towns/Urban Local Bodies where the total population is one lakh or more than one lakh. It may be stated that 50 bedded shelters will be constructed in phased manner based on no. of homeless population and also in the Urban Local Bodies

## Action Plan in connection with implementation of Shelter for Urban Homeless Component under NULM.

### Introduction

In terms of the order of the Hon'ble Supreme Court of India in WP (Civil) No. 196 of 2001, all State Governments require to set up Shelter for Urban Homeless. According to the order, all cities covered under JNNURM and having population more than 5 lakhs should have homeless shelter with a capacity of 100 persons based on the norm of 1 shelter for every 1 lakh population with basic amenities. On the basis of the order and subsequent recommendation of Hon'ble Supreme Court's appointed Committee, National Programme for Urban Homeless was framed. In accordance with the order of Hon'ble Court, a Scheme of Shelter for Urban Homeless was also notified by Government of West Bengal.

### Objectives

The objective of the scheme so adopted was to place a framework for creation of shelter and other services for the urban homeless and to provide for sufficient number of permanent shelters for homeless men and women in all cities and towns in a phased manner. This aims to provide shelters along with basic infrastructure and services to the shelter less and to establish strong linkages with existing other programmes which intend to provide to the urban poor their right to food, healthcare, education, etc.

### Steps taken

Following the order of the Hon'ble Supreme Court and considering the census 2011 population of Kolkata (45 lakhs approx.), Kolkata Municipal Corporation was required to set up 9 such shelters. Stressing upon the importance of ascertaining the magnitude and concentration of homeless population within the KMC jurisdiction, a rapid assessment survey was conducted by one NGO named The Calcutta Samaritans, engaged by Kolkata Municipal Corporation. In the survey, all Wards of KMC was covered and 11760 homeless families comprising of 37468 members were identified. There were 36 wards which were reported to have no homeless population. The homeless population was concentrated in more or less 14 wards. On the basis of this survey report, two locations were identified and two existing KMC premises, viz. 19B, Chetla Hut Road and Galiff Street in ward no. 82 and 7 respectively were commissioned for night shelter with minor modifications in the infrastructure.

KMC was keen to identify more locations. With a view to execute the order of the Apex Court in letter and spirit, a vigorous search of locations was made by KMC in different wards. Consequently, two more night shelters were commissioned. The following table depicts the current status of the night shelters commissioned by KMC :

Sl No.	Ward	Location of Night Shelter	Year of Commencement	Approx area	Cost incurred	Status	Run by (Name of NGO)	Avg. number of inmate capacity
1	7	Galiff Street	2011	2200	7.26	Functional	Emmanuel Ministry	40
2	82	19B, Chetla Hut Road	2010	11060	11.11	Functional	Iswar Sankalpa	83
3	15	Gouri Bari Lane and Canal West Road Crossing	2015	1100	15.46	Non functional at present	Janasiksha Prochar Kendra	35
4	70	Northern Park	2015	2250	26.99	Functional	Iswar Sankalpa	40

One shelter at 13 Raja Manindra Road in ward no 5 has been constructed. The NGO selection by Controller of Vagrancy is yet to be made. The area of the shelter is approximately 1800 sq. ft. and expected to accommodate 35 inmates.

Apart from this, a proposal under NULM for construction of a shelter (G+3 storied) at 1641/4 MG Road in ward no 122 having an area of 3057 sq. ft. with an aim to accommodate 50 persons has been sent to SUDA for fund.

### Plan of Action

In Kolkata, apart from KMC constructed shelters, there are 33 shelters which are being directly controlled and run by Department of Controller of Vagrancy under WCD&SW Department, Govt. of West Bengal. These night shelters have an inmate capacity of 1459 persons on an average. KMC constructed night shelters have an inmate capacity of 200 persons approximately. As per order of the Hon'ble Apex Court, 45 shelters need to be setup in KMC area, which can accommodate 4500 homeless population at a point of time. At present, there are 38 shelters altogether and two shelters (out of 38) are not functioning as till now no NGO is available to run the shelters. The following steps are being taken by KMC to setup more shelters:-

1. As land is very scarce in Kolkata Metro, steps are being taken to identify unutilized vacant lands of different Government Departments. Different Departments under KMC and the local Councillors have been requested to explore all possible means to identify locations for constructing Shelters for Urban Homeless.
2. Proposals are being considered to upgrade the existing shelters run by the Controller of Vagrancy, Government of West Bengal to accommodate more homeless persons.
3. Some of the night shelters are not located in the areas where the concentration of homeless population is high. Due to the reluctance of the homeless people to shift to a shelter far from their current place of living, the night shelters in one or two cases remain under-utilized. The NGO's working in these areas have been requested to make awareness campaign amongst these homeless people regarding the facilities available in the shelters and convince them to move to the shelters.
4. An extensive search of the old and unused buildings is also being made so that these buildings can be converted to shelters after up gradation.
5. Proposals are also being considered to construct shelters in the vicinity of Sealdah Railway Station and the Hospital areas.
6. The shelter situated at Galiff Street has been considered for expansion. At present 40 number of persons have been accommodated and after up gradation total accommodation is expected to be 100 persons approximately.
7. Different Departments under Government of West Bengal needs to be approached for transferring the unused land to KMC for construction of shelters. Departments like KMDA, Port Trust Authority of India, Railways etc. have been possessing a tract of land which can be used for this purpose.
8. There are a few shelters which are run by Private Organisations in their own premises. KMC is making effort to bring these Night Shelters under the NULM scheme for up gradation and providing other support.

24 OCT 2017

Dear Chief Minister,

The Ministry of Housing and Urban Affairs is implementing the Deendayal Antyodaya Yojana – National Urban Livelihoods Mission (DAY-NULM) as a Centrally Sponsored Scheme. Since, DAY-NULM is an important scheme for alleviation of poverty of the urban poor, I am writing to seek your personal attention and support for taking stock of the status of its implementation in your State.

2. The Hon'ble Supreme Court, vide an Order dated 11.11.2016 in W.P.(C) No.55 of 2003 and W.P.(C) 572 of 2003, in which all the States have also been made respondents, has directed the constitution of a Committee on Shelter for the Urban Homeless. The Committee was accordingly constituted by my Ministry under the Chairmanship of Justice (Retd) Kailash Gambhir, Delhi High Court. The mandate of the Committee, inter-alia, was to carry out physical verification of available shelters for the urban homeless in states/UTs, mis-utilisation, diversion of funds and whether the shelters are in compliance with guidelines of DAY-NULM.

3. The Committee, during its tenure, had visited various States/UTs including your state to verify the state of shelters available. After the visit, the Committee has submitted its report to the Hon'ble Supreme Court, which can be accessed through the Counsels representing your state in the above mentioned case (s). I would like to bring to your notice that while making several observations on the overall implementation of Shelter for the Urban Homeless component in the state, the Committee has rated the status of shelters in the city of Kolkata/Bengaluru/Kanpur as "**Extremely Poor**".

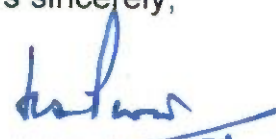

4. You will appreciate that the urban homeless belong to the vulnerable category who need to be provided shelters in a dignified manner. While the DAY-NULM is under implementation since September, 2013, much, however, needs to be done by your State for provision of shelters as per guidelines of Mission.

P.T.O.

5. In view of the above, I would request you to take urgent measures to ensure that required capacity of shelters is in place in your state in general and in the city of Kolkata/Bengaluru/Kanpur in particular for the urban homeless during the period of Mission, which is up to March, 2022.

A positive response will be greatly appreciated.

*With best wishes,*

Haryana

It is stated that on 10<sup>th</sup> October, 2014 an affidavit was filed by the State of Haryana to the effect that there are 6107 urban homeless and that the administrative approvals for construction of shelters have been issued for the towns of Hisar, Yamunanagar, Kurukshetra and Rewari.

In the affidavit filed in this Court on 5<sup>th</sup> November, 2017, it is again stated that there are only 6107 urban homeless in the State. There is nothing to indicate what steps have been taken by the State of Haryana over the last three years to reduce the number of homeless.

We may also note that the Committee appointed by this Court in fact noted that there are about 23,789 urban homeless in the State of Haryana. There is obviously a huge mis-match of figures which is totally unexplained.

We have also seen Annexure R-1 annexed to the affidavit filed by the State of Haryana which gives the impression that all sorts of Committees have been constituted, but no meeting has been held at least since 2014 by almost every such Committee.

In fact, out of 26 Committees, only 4 of them have had meetings from the date of constitution of the

Committees in 2014/2015. It is quite obvious that the State of Haryana has very little concern for the urban homeless given the disclosures in the affidavit.

We would like the Chief Secretary of the State of Haryana to explain to us what is proposed to be done, if anything at all, for the urban homeless in Haryana.

The Chief Secretary should appear in Court on 23<sup>rd</sup> November, 2017.

Uttar Pradesh and West Bengal

We have also gone through the affidavits filed by the States of Uttar Pradesh and West Bengal.

All that we can say after going through the affidavits filed by these States and after hearing learned counsel representing the States that we are presented with a very dismal and distressing state of affairs with regard to urban homeless. None of these States seem to have any clue of what is going on and what should be done to mitigate the hardship faced by the urban homeless.

Learned counsel for the State of Uttar Pradesh and learned counsel for the State of West Bengal say that they will personally look into all the issues. They have been given a questionnaire by Mr. Prashant Bhushan and they say that they would try and get information on the basis of this questionnaire within a period of ten days or so.

During the course of hearing, it appears to us that since these three States which were selected randomly have achieved nothing towards implementation of the National Urban Livelihood Mission (NULM), some alternative solution may have to be found out.

The Union of India may also have to look into the matter on how to implement the Mission effectively so that crores of rupees that are sanctioned are not frittered away on issues that have no concern directly or indirectly with the NULM.

We have also suggested to learned counsel for the parties to advise us and assist us on the feasibility of setting up of independent impartial committees or Committees since it appears that under the NULM the existing Committees do not seem to be achieving any positive results.

Learned Additional Solicitor General says that he will assist us in this matter and will discuss the matter with senior officers of the Government of India and get back to us.

List the matter on 23<sup>rd</sup> November, 2017.

2. That I submit the Vision Document and Road Map for Shelter for Urban Homeless of the State of West Bengal before this Hon'ble Court which are stated below:

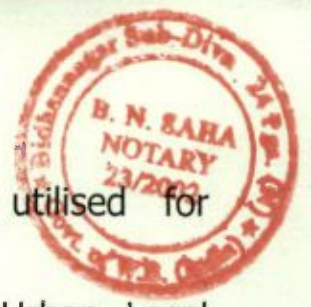

**A) Vision Document for Shelter for Urban Homeless (SUH) under National Urban Livelihoods Mission (NULM)**

11 DEC 2017

State fund and the dwelling units are utilised for rehabilitation of the homeless people. All Urban Local Bodies have already been requested to identify the land for construction of dwelling house for rehabilitation of the homeless people at the earliest. As and when the land will be available to the Urban Local Bodies, dwelling units will be constructed under this scheme 'Banglar Bari'. Already administrative approval has been given for construction of dwelling units within three urban local bodies.

It may further be stated that considering the urgency of necessity it will be considered to provide shelter to the homeless people in the State run unoccupied housing estates, hostels for working people etc.

It may be stated that around 20000 homeless population have already been accommodated by constructing 9240 number of dwelling units and another 8000 homeless population are being covered under 3240 dwelling units which are under construction utilising the fund of the state sponsored housing scheme called 'Housing for Urban Poor'. Development and Social Welfare has informed that at present 41 shelters are running to accommodate the urban homeless people.

However, it may be stated that considering the persistent developmental activities under different programmes and various infrastructure development projects implemented by the Government of West Bengal, urban homeless population is declining.

Therefore, in order to ascertain the present status of homeless population in our State, State Government feels the necessity of fresh survey and verification and is duly committed to provide shelters to all those found in need of shelters.

The State of West Bengal primarily has identified the towns/Urban Local Bodies where the total population is one lakh or more than one lakh. It may be stated that 50 bedded shelters will be constructed in phased manner based on no. of homeless population and also in the Urban Local Bodies

where the total population is below one lakh considering the figures of homeless population as per census of 2011.

## Status report on Shelters for Urban Homeless as on 31.01.2018

### Introduction

In terms of the order of the Hon'ble Supreme Court of India in WP (Civil) No. 196 of 2001, all State Governments require to set up Shelter for Urban Homeless. According to the order, all cities covered under JNNURM and having population more than 5 lakh should have homeless shelter with a capacity of 100 persons based on the norm of 1 shelter for every 1 lakh population with basic amenities. Therefore 45 shelters were required to be constructed in KMC area.

The objective of the scheme so adopted was to place a framework for creation of shelter and other services for the urban homeless and to provide for sufficient number of permanent shelters for homeless men and women in all cities and towns in a phased manner. This aims to provide shelters along with basic infrastructure and services to the shelter less and to establish strong linkages with existing other programmes which intend to provide to the urban poor their right to food, healthcare, education, etc.

As per Census 2011, there are 69798 urban homeless in KMC area. Considering accommodation of 100 homeless, KMC requires to build 698 shelters. The construction of this required number of shelters has to be completed within a span of 3 years i.e. within 2021.

During this period the number of homeless person may vary and the above estimation and number of shelters may be subject to change.

The land located in KMC jurisdiction belongs to different Departments apart from KMC. Huge tract of land is being owned by different Departments under Government of India viz. Kolkata Port Trust, Defence and Eastern Railways. Apart from this, different departments under Government of WB like KMDA, KIT, Irrigation & Waterways and Land and Land Reforms and Refugee Rehabilitation Department are the owner of a good quantum of land.

UPON perusing papers the Court made the following

#### O R D E R

The learned Solicitor General has handed over an affidavit in the Court today. That may be taken on record.

We have gone through the Final Report of the Committee

appointed by this Court. The Report of the Committee deals with 11 States and 2 Union Territories.

The figures given by the Committee are indeed quite startling. The figures in respect of the States of Haryana, West Bengal and Uttar Pradesh arrived at by the Committee are as follows:

No.	State	Requirement	Capacity	Balance
1.	Haryana	23,789	918	22,871
2.	West Bengal	1,04,967	3,560	1,01,407
3.	Uttar Pradesh	1,80,929	6,060	1,74,869

The Committee has also listed out 9 major factors for the progress in the implementation of the National Urban Livelihood Mission and has also given certain suggestions and directions this Court may consider passing.

We have inquired from the learned Solicitor General whether all the details recorded by the Committee and other details have been placed on a computer including the details mentioned in the affidavit given by the learned Solicitor General in the Court today.

The learned Solicitor General says that he will take instructions in this regard and get back to us on the next date of hearing. We are of opinion that the entire data must be computerized.

We may here mention that the affidavit filed by the learned Solicitor General reflects that in so far as the State of Haryana is concerned, there is no information available with regard to the status of Executive Committee / Committees in the Urban Local

Bodies (ULB). As far as the State of West Bengal is concerned, only six Committees have been constituted out of 125 ULB and as far as the State of U.P. is concerned, only 74 Committees have been constituted out of 130 ULB.

The status with regard to the utilization of funds is also not at all clear from the affidavit given by the learned Solicitor General in the Court today. All that can be stated is that funds have not been released to several States such as Bihar, Maharashtra, Haryana and Delhi. The utilization of funds for the year 2015-16 is also not clear from the affidavit given by the learned Solicitor General.

The learned Solicitor General assures us that all the details regarding utilization of funds, constitution of Committees etc. etc. will be made available particularly with regard to the three States that we are concerned with for the time being i.e. Haryana, West Bengal and U.P.

Learned counsel appearing for the States of Haryana, West Bengal and U.P. have been informed that we propose to take up the matter very seriously. We would like all information to be placed on record by way of an affidavit within two weeks by some senior officer dealing with National Urban Livelihood Mission. No extension of time will be granted for this purpose.

The affidavit to be filed by these three States should be circulated to learned counsel for the parties including the learned Solicitor General who may also verify all the information that is available.

These three States will also give a road map of what they

propose to do for the implementation of the National Urban  
Livelihood Mission.

List the matter on 8<sup>th</sup> November, 2017.

Dated : 19<sup>th</sup> September, 2017

Dear

As you are aware, two Writ Petitions (Civil) No.55/2003 and No.572/2003 are being heard by the Hon'ble Supreme Court. The matter on these writ petitions mainly pertains to establishment and other matters relating to shelters for urban homeless. The cases were heard last by the Hon'ble Supreme Court on 13/09/2017 when the following directions were given.

*"In our opinion, for the present, there is a need to concentrate on the way forward. For this purpose, we would like the learned Solicitor General to inform us whether the Committees under the National Urban Livelihood Mission are in position in all the States and Union Territories; whether the accounts have been audited from time to time and if not which is the authority that can assist in auditing of accounts such as Comptroller and Auditor General; release of further funds and non-utilisation of funds already released. There may be some other issues that may arise and therefore the hearing that will take place on 13.10.2017 should not be construed limited to these issues.*

*List the matter for final disposal on 13.10.2017 at the end of the Board."*

2 A reference is invited in this connection to the guidelines for Shelters for Urban Homeless which provide for constitution of the following Committees.

- v) Shelter Management Committee (Para 8.3)
- w) Project Sanction Committee at the State level (Para 10)
- x) The Executive Committee under the Chairpersonship of Municipal Commissioner (Para 13.1)

3. It may be confirmed by your State whether the above mentioned Committees have been constituted and if yes, with what composition along with the dates of their respective constitutions. Also, the list of dates of meetings of these Committees individually so far may also be given.

4. Further, the States may also give information/details of the process (es) being followed for audit of DAY-NULM accounts including that of SUH component.

**STATUS REPORT OF SETTING UP OF SHELTERS FOR URBAN HOMELESS UNDER NULM IN WEST  
BENGAL IN CONNECTION WITH FILING OF AN AFFIDAVIT BY  
MINISTRY OF HUPA IN HON'BLE SUPREME COURT OF INDIA**

**(REF. D.O NO. N-11028/8/2014-USD DATED 8.5.2015 FROM JOINT SECRETARY, MOHUPA, GOI )**

**I. No of homeless people in the State**

As per census 2011, the total no of Homeless in the urban areas of the State is around 97,000 comprising of around 18, 000 families. In Kolkata Municipal Corporation (KMC) area the number of homeless person as per a survey conducted in 2012 is around 40,000. The present figure as in 2015 is likely to differ. It is proposed that a systematic survey is required to be conducted to arrive at the actual figure of homeless persons in 129 municipal towns of the State. It is estimated that around Rs. 2.00 crores may be required to undertake the comprehensive survey.

**II. Steps taken by the State for Setting up of Shelters under NULM**

Under National Livelihood Mission (NULM) which is operational from April 2014, there is a component of setting up of Shelters for Urban Homeless. As per GoI Guidelines necessary Institutional Arrangements have been put in place and a Project Sanction Committee (PSC) has been constituted for implementation of the Programme. Initially 15 NULM Towns were identified for setting up of 10 such Shelters under NULM by the State Government out of the allocation of Rs.10 Crore made by MoHUPA for the year 2014-15 as per availability of suitable land on first cum first serve basis.

A detailed design and estimate for a 50 bedded shelter unit following the guidelines of Government of India and also keeping conformity with the suggestions of the Supreme Court Consortium has been prepared and the estimated cost comes to the tune of Rs 1.20 crore. A set of Operational Guidelines for construction of shelters with Municipal Engineering Directorate as the Technical Support Agency has been notified.

Proposals were received for eight Shelter units in six ULBs out of which proposals for three units have so far been approved and first installment of funds released.

All other NULM towns have been requested to identify suitable lands for setting up Shelters for Urban Homeless.

### **III. Details of existing Shelters (Operational) other than NULM**

At present, there are thirty seven (37) shelter units in operation under the Administrative Control of Child Development Department & Women Development & Social Welfare Department with an aggregate capacity of about 1800 Homeless Persons located in Kolkata Municipal Corporation, Howrah Municipal Corporation and Asansol Municipal Corporation.

In addition there are four (4) shelters for homeless person in Kolkata MC under the Administrative Control of Kolkata MC, these are:

- a) Gallif Street in ward no 7 with capacity of 40 persons.
- b) Gouribari Lane and Canal West Road in ward no 15 with capacity of 25 persons.
- c) Northern Park in ward no 70 with capacity of 40 persons.
- d) Chetlahat Road in ward no 52 with capacity of 80 persons.

### **IV. Bringing the existing Shelters run by WBCD & SW Department under the umbrella of NULM**

It is proposed that the existing shelters run by the WBCD & SW Department will be brought under the umbrella of NULM and the operational cost at existing rate of these shelters will be borne by the Municipal Affairs Department from NULM allotment. For this purpose a Memorandum of Agreement will be executed between nodal organizations of the two Departments.

### **V. Future plan for construction/improvement of Shelters under NULM**

- In West Bengal, there are 6 Municipal Corporations and 123 Municipalities/Notified Area Authorities. Out of the said 129 ULBs 63 are NULM towns i.e. towns with population of one lakh plus and District Head Quarters. It is proposed to construct atleast one Shelter in each of the NULM towns in a phased manner and depending on the number of homeless population a second or third unit will be considered.
- In the year 2015-16 there is an allocation of Rs 20 Crores under NULM for construction of Shelters. It is proposed that 10 to 15 Shelter Units will be constructed in the year 2015-16 subject to availability of suitable land. The capital cost for construction of 15 units will come to around Rs 18 Crores. The O&M cost @ Rs 6.00 Lakhs per year for the 15 units will work out to Rs 90 Lakhs per year.

**VI. Issues in connection with setting up of Shelters under NULM**

- a) Availability of land in suitable location is an important issue for setting up of shelters. It may be suggested that cost of purchase of land for setting up of shelters be provided from the allotment under NULM.
- b) The operation and maintenance cost of Rs 6.00 lakh per year as provided in the guidelines may be considered to be revised upwards to Rs. 10.00 lakh per year.

**Financial Status of Implementation of the Scheme of Housing for Urban Poor (Combined)**

Dear Shri Basudeb ji,

This is with reference to the implementation of Scheme of Shelters for Urban Homeless (SUH) as a component of Deendayal Antyodaya Yojana- National Urban Livelihood Mission.

2. It would be recalled that vide D.O. letter of even number dated 19<sup>th</sup> January 2016 addressed to the States/ UTs, the model designs for shelters suitable for different weather conditions prepared by HUDCO and HPL for construction of new shelters under DAY-NULM as suitable for the State/ UT were circulated for reference and use. These designs are also available for viewing at Ministry of Housing and Urban Poverty Alleviation website address as shown below:

(a) Shelter for Urban Homeless- Model Designs for Using Prefab By HPL:  
<http://mhupa.gov.in/writereaddata/SHELTER%20FOR%20URBAN%20HOMELESS-%20MODEL%20DESIGN%20BY%20PREFAB.pdf>

(b) Proposed Prototype Designs suggested by HUDCO for Shelter for Urban Homeless:  
<http://mhupa.gov.in/writereaddata/SHELTER%20FOR%20URBAN%20HOMELESS-%20MODEL%20DESIGN%20BY%20HUDCO.pdf>

3. In view the above, it is requested to make use of the above designs for construction of new shelters under DAY-NULM as per the requirement of your State/UT. Suitable changes in these designs may, however, be made as per the site conditions and other local factors. As the prefab technology provides better quality and needs less construction time, the same may also be made use of appropriately in constructions of shelters.

4. I shall be grateful, if you could kindly acknowledge the above and apprise this Ministry about the proposed number of shelters to be constructed using Prefab Technology. An early reply by you will facilitate submission of this information to the Committee constituted as per order of Hon'ble Supreme Court to monitor shelters under DAY-NULM.

With regards,

To  
Shri Basudeb Banerjee  
Chief Secretary of West Bengal
