Introduction:

Housing is one of those basic social conditions that determine the quality of life and welfare of people and places. Rapid urbanization has placed remarkable strain on housing and service land. According to UN HABITAT by 2030, approximately 3 billion people, or above 40 per cent of the world's population, will need proper housing and access to basic infrastructure and services such as water and sanitation systems. This translates into the need to complete 96,150 housing units per day with serviced and documented land from now till 2030. However, ironically supply (especially in the developing world) is often limited by inadequate governance system/ human resource deficiencies/ institutions or regulations which are obsolete or lacking in capacity.

The Indian challenge is to place the reality of a recorded (Census 2011) rate of urbanization of 31.1% (377 million people) expected to house 600 million people by 2030 (up by 59% from 2011) with an expected urban housing shortage of 19 million; the slum population which is presently 66 million is projected at 105 million by 2017; the urban housing demand projected for the same year is as 88.78 million. In 2012 the Ministry of Housing & Urban Poverty Alleviation (MoHUPA) stated there was an undersupply of 18.78 million housing units, of which the economically weaker section (EWS) and Lower Income Group (LIG) constituted 95%. Whilst considering housing, it may be noted that Obsolescent houses (est. 2.82 million), as well as those with congestion (est. 18.42% of total households) have to be reckoned with in our Housing Demand.

To fulfill these needs, factors such as affordability of the buyers, development cost and selling price persistently influence the supply and demand in the housing sector. Based on the current situation, housing development is concentrated in the urban and sub-urban areas, where the purchasing power is higher and the market is extensive.

In order to address the current housing needs, both the Government and the private sector must play their respective roles to fulfill their social obligations especially to the low-income and economically weaker sections keeping in view limited public resources available and the heavy investments needed for creating housing infrastructure.

Housing for All:

Access to housing facilities, is a basic human need, next only to food and clothing. Effectively, society as a whole and poor in particular, must have access to livelihoods, finance and technology as well as relevant capacities, knowledge and skills for habitat development in order to enjoy the 'right to shelter'.

In order to address issues related to housing and informal settlements, the governments should create an enabling environment through robust National/ State Housing Policies that will help to increase the supply of affordable housing. This call for working together of key stakeholders such as national and local government bodies, non-governmental organizations, financial institutions, as well as builders and private sector developers. This will enable well defined institutional and operational conditions in order to support the housing sector more effectively and, in doing so, contribute to the provision of affordable adequate Housing for All.

Context of preparation of Housing for All Plan of Action:

The Government of India's transformation programme is to "raise living standard of low income households" for which Ministry of Housing and Urban Poverty Alleviation (MoHUPA) had come up with the "National Housing and Habitat Policy (NUHHP) 2007, a precursor to the current 'Housing for all' by

2022. Several steps would be taken under the Mission to overcome problems pertaining to housing specially involving the poor and the ultra-poor.

An impotent part here is to ensure that only eligible recipient received housing aid, and that they be identified at their current location through a web portal which has a state wide database for capturing on low-income households, with arrangements for constant monitoring and updation.

In order to address the current housing needs, both the Government and the private sector must play their respective roles to fulfill their social obligations especially to the low-income and economically weaker sections keeping in view limited public resources available and the heavy investments needed for creating housing infrastructure.

Accordingly, the Ministry of Housing and Urban Poverty Alleviation (MoHUPA) has launched "Housing for All" Mission through Pradhan Mantri Awas Yojana (PMAY) for Urban Area to be implemented during 2015-2022 as a Centrally Scheme (except for the component of Credit Linked subsidy, which will be implemented as a State Sponsored Scheme. The Mission would provide central assistance to implementing agencies through State & UTs for providing housing to eligible families / beneficiaries by 2022. The Mission seeks to address the housing requirement of urban poor including slum dwellers for which all the states are required to prepare 'Housing for All of Action' with Annual Implementation Plans. Mission will assist State /cities in carrying out the activities for preparation of Housing for All Plan of Action (HFAPoA) under capacity building and A & OE funds. HFAPoA addresses urban poor who may not necessarily be slum dwellers.

All 4041 statutory towns as per Census 2011 with focus on 500 class I cities would be covered in three phases as follows:

- Phase I (April 2015- March 2017) to cover 100 Cities selected from States /UTs as per their willingness.
- Phase II (April 2017 – March 2019) to cover additional Cities

Ministry, however, will have flexibility regarding inclusion of Additional cities in earlier. The mission seeks to address the housing requirement of urban poor including slum dwellers through following programme verticals giving option to beneficiaries, ULBs and State Governments. These verticals are:

Today we are in the process of implementation of the Green City Project

Development is not a one point agenda. With the complex social, political and economic situation it is indeed a daunting task. However we believe that we are progressing in the right direction with the support of Government of West Bengal we will be able to achieve the desired objectives.

Today is in the process of preparing the Housing For All Plan of Action (HFAPoA). In the last 5 years, with the help of the people, we have tried to address the problems of urban poor & slums keeping the aspirations of people and development objectives and targets in mind. At some point we have been successful in realizing the dreams of the people while in others we were not. Preparation of **Housing For All Plan of Action** along with, its implementation and monitoring opened a new challenge to us – the challenge of providing all basic services to all poor people and ensuring equitable socio-economic development of the people of Gangarampur. **Out of the Total 7574 no's beneficiary during the year 2015-16, 1-18 & 18-19 total 2180 no's beneficiary approved for this project and work is going on . 700 No's beneficiary approved for the year(2017-18) and 665 no's beneficiary approved for the year 2018-19.**

Development is not a one point agenda. With the complex social, political and economic situation it is indeed a daunting task. However we believe that we are progressing in the right direction with the support of Government of West Bengal and Ministry of Housing and Urban Poverty Alleviation, Government of India we will be able to achieve the desired objectives.

It's an honour and privilege to present before the people of Gangarampur, the 1st Housing For All Plan of Action which offers to provide development of all slums and ensure that new slums do not come up and thereby developing Gangarampur into a vibrant economy. Learning from the past we look forward towards achieving long term benefits, perspectives and convergences rather than short term goals. The Housing For All Plan of Action has been prepared and we look forward for a great future.

Project Cost and Financing Strategy

For Dwelling Unit

Total no of Dwelling unit = 996 Nos

Rate per Dwelling unit = 3.68 Lakhs

Total Cost of Dwelling unit = $996 \times 3.68 = 3665.28$ Lakhs

Central Share = 996×1.5 Lakhs = **1494.00** Lakhs

State Share = 996×1.93 Lakhs = **1922.28** Lakhs

Beneficiary Share = 996×0.25 Lakhs = **249.005** Lakhs

ULB Share = NIL

For Infrastructure

10 % of total Dwelling unit cost = 3665.28 Lakhs $\times 10\% = 366.02$ Lakhs

Central Share = NIL

State Share = $50\% \times 366.28$ Lakhs = **183.01** Lakhs

Beneficiary Share = NIL

ULB Share = $50\% \times 366.28$ Lakhs = **183.01** Lakhs

The total project cost will be 2694.90 Lakhs
