

### <u>Pradhan Mantri Awas Yojana (PMAY) aims at Providing Housing for All (HFA)</u> <u>2022 when the Nation Complete 75 years of its independence.</u>

The urban homeless persons contribute to the economy of the cities and thus the Nation as cheap labour in the informal sector yet they live with no shelter or social security. The urban homeless service with many challenges like no access to elementary Public Services such as health, education, food, water and sanitation .Pradhan Mantri Awas Yojona (PMAY) also aims at providing a pucca house to every family with water connection, toilet facilities, electricity supply and access. The Mission seeks to address the housing requirement of urban poor including slum dwellers through Slum Redevelopment, Affordable Housing through Affordable Housing in partnership and subsidy for beneficiary led individual house. Under the mission, beneficiaries can take advantage. A demographic trend suggests that India is on the averge of large scale urbanisation over the next few decades. With more than one crore population getting added to urban areas, Housing, a basic need for humans, could play an important role in accommodating high urban growth in India. However, several structural issues such as high gestation period of housing projects, limited and expensive capital, spiraling land and construction cost, high fees and taxes, unfavorable development norms and low affordability by Economical Weaker Section (EWS) and Lower Income Group (LIG) households are bottlenecks restricting desired growth in housing stock in India with respect to housing demand. As per studies 2 conducted by the Ministry of Rural Development and the Ministry of Housing and Urban Poverty Alleviation, it is estimated that almost a quarter of Indian households lack adequate housing facility. The central government acknowledges the importance of housing issue in the country and has launched a massive campaign that promises to provide housing to all its citizens by the year 2022. Most of the housing development may need to be done for EWS/LIG households urban areas whose income is very low. Our analysis also reveals that it is the urban affordable housing that require the central and state governments' renewed focus, as this segment may require almost half of the total investments envisaged. The government needs to accelerate the efforts to broad-base and significantly augment public-private-partnership programmes introduced in the past. In order to achieve this, several requisite policies and regulations promoting better coordination between housing stakeholders; delegation of power to urban local bodies; reduction in project gestation period; rationalisation of fees and taxes; a relook at development norms; empowerment of EWS/LIG households; and steps for reduction in project cost and schedule overruns need to be evaluated. Hope for action for central and state governments, and ULBs to golden meet the vision of 'Housing for all by 2022'.

NABAD WIP MUNICIPALITY

### **NABADWIP TOWN**

The city of Nabadwip exists by the western bank of the river, Bhagirathi in the district of Nadia in the State of West Bengal. It is an ancient and unplanned town of an area of 11.66 Sq.Km with its own population of 1,15,036 as per Census – 2001. The density of population is 9866 per Sq Km. the number of population living in the slums is 49321 representing 42.78% of its population. This is a flood - prone town which witnessed

devastating flood in the year 1971, 1981, 1999, 2000 and 2006. In almost all other years this town experienced flood like situation.

No reliable information can be obtained regarding the time and circumstances of the origin of Nabadwip (alias Nadia). The

earliest authentic fact on recorded about it is that, in the twelfth century, it was the capital of Lakshman Sen, the last Hindu

Sovereign of Bengal. After the conquest of BACKGROUND

Bakhtiyar Khillji, Nabadwip remained practically forgotten in history till the

300 Km. away here from.

There are two railway stations within the limits of Nabadwip Municipality on the

Bandel -Katwa section of the Howrah Division of the Eastern

Railway. This town is connected with Kolkata, the capital 
city of West - Bengal by railways and roadways. Krishnanagar, the District head

quarter of the district of Nadia is connected with Nabadwip by state highway of 21 Kms. Of length which connects Nabadwip with National Highway No 34 near Krishnanagar. Bus communication to all parts of the state is available from Nabadwip Municipal bus-stand.

There is a Police Station at Nabadwip and it is in the middle of the town.

POLICE FIRE SERVICE
POST OFFICE
Nabadwip Head Post Office is three minutes walk from the
Head office of Nabadwip Municipality. It is having a few
sub-post offices within the town. West Bengal Fire and Emergency Services has
its office with fire-fighting arrangements at this town.

There are seven Nationalized Banks, three Cooperative Banks and One Regional Rural Banks. Insurance companies have their offices at

BANK HEALTH & EDUCATION Nabadwip. 125 bedded Nabadwip State General Hospital, run by the State Health Department is within the town. There are five Nursing Homes and a few private medical clinics at Nabadwip. There is a College affiliated to Kalyani University.

There are 18 high and higher secondary schools and 53 Government aided primary schools. There are also a few numbers of private schools at this town.

arrival of Chaitanya. Minhaj -l- Siraj rights that the merchants and scholars had

left the city before the raid and after the plunder, they did not return for fear of Bakhtiyar. The city, therefore, remained deserted, although in later coins, there was a mention of the revenue of Nadia. The removal of the seat of Government from Nadia to Gour led to its decay and

insignificance. It did not, however, al together cease to exist, but continued as a seat of learning, where many Pandit (Scholar), learned in law and theology, rose to distinguish himself and shed a luster over the place. The brightest epoch in the history of Nabadwip dates from the era of Chaitanya. Brindaban Das, the celebrated biographer of Sri Chaitanya has rightly said, "No place is equal to Nabadwip in earth because Chaitanya was there incarnated." To his followers,

Chaitanya may be an apostle, and incarnate deity. But it is as a reformer and a lover of mankind he is to be looked upon. Much of Nabadwip's fame rests upon its being an ancient seat of learning, which has exercised a great influence upon the politics, morals and manners of the Bengalees. It is chiefly noted to be the great school of Nay a

Philosophy. But it has also produced scholars in law, literature, astronomy, poetry, grammer etc. Pupils were attracted to Nabadwip from great distances and often spent their life time in their Alma-Maters.
