

Introductory Note by Chairperson

On the outset I would like to take this privilege to make this public that Pujali Municipality has finished the preparation of Details Project Report (DPR) for the time frame 2018-2019. The Municipality conducted introductory workshop on the "Housing for ALL by 2022- Plan of Action with the members of Board of Councillors and subsequently formed a core team for the preparation of the Plan. The Core team organized several workshops, Focus Group Discussions, Ward Level Consultations with all the Stakeholders across the sections of the citizens and the staff members of the Municipality. Citizens, elected Councillors and all concerned stakeholders of Pujali expressed and recorded their views on needs, demands, and aspirations towards achieving "Housing for All" in successive interactive discourses. The outcome of the series of Demand Surveys, Workshops, FGDs, and Consultations among all the Stakeholders has eventually formulated the overall requirement of the Housing for All Plan of Action of Pujali Municipality. The opinions and views of the wise citizens have been empathically incorporated in the Housing for All Plan of Action.

I gratefully acknowledge the endeavors of the People of Pujali, the elected Councillors, the Staff Members of the Municipality and the Surveyors who have extended their heartiest cooperation to the Core Team in preparing the Details Project Report for the year 2018-2019 for Pujali and extend my gratitude to the officers of SUDA and Municipal Affairs Department incl. MED of the GoWB for extending their support and cooperation.

I wish that this Details Project Report-(DPR) for the year 2018-2019 would enable Pujali Municipality to ensure a sustainable improvement of the living condition of the Poor of Pujali in the years.

Definition

Affordable Housing Project:	Housing projects where 35% of the houses are constructed for EWS category
Beneficiary	A beneficiary family will comprise husband, wife and unmarried children. The beneficiary family should not own a pucca house (an all-weather dwelling unit) either in his/her name or in the name of any member of his/her family in any part of India.
Carpet Area	Area enclosed within the walls, actual area to lay the carpet. This area does not include the thickness of the inner walls
Central Nodal Agencies	Nodal Agencies identified by Ministry for the purposes of implementation of Credit linked subsidy component of the mission
Economically Weaker Section (EWS):	EWS households are defined as households having an annual income up to Rs. 3,00,000 (Rupees Three Lakhs). States/UTs shall have the flexibility to redefine the annual income criteria as per local conditions in consultation with the Centre.
EWS House	An all-weather single unit or a unit in a multi-storeyed super structure having carpet area of upto 30 sq. m. with adequate basic civic services and infrastructure services like toilet, water, electricity etc. States can determine the area of EWS as per their local needs with information to Ministry
"Floor Area Ratio" (FAR)/FSI	The quotient obtained by dividing the total covered area (plinth area) on all the floors by the area of the plot: $\text{FAR} = \frac{\text{Total covered area on all the floors} \times 100}{\text{Plot area}}$ If States/Cities have some variations in this definition, State/City definitions will be accepted under the mission
Implementing Agencies	Implementing agencies are the agencies such as Urban Local Bodies, Development Authorities, Housing Boards etc. which are selected by State Government/SLSMC for implementing PradhanMantriAwasYojana - Housing for All (Urban) Mission.
Low Income Group (LIG)	LIG households are defined as households having an annual income between Rs.3,00,001 (Rupees Three Lakhs One) up to Rs.6,00,000 (Rupees Six Lakhs). States/UTs shall have the flexibility to redefine the annual income criteria as per local conditions in consultation with the Centre.
Primary Lending Institutions (PLI)	Scheduled Commercial Banks, Housing Finance Companies, Regional Rural Banks (RRBs), State Cooperative Banks, Urban Cooperative Banks or any other institutions as may be identified by the Ministry
Slum	A compact area of at least 300 populations or about 60-70 households of poorly built congested tenements, in unhygienic environment usually with inadequate infrastructure and lacking in proper sanitary and drinking water facilities.
State Level Nodal Agencies (SLNAs)	Nodal Agency designated by the State Governments for implementing the Mission
Transfer of Development Rights (TDR)	TDR means making available certain amount of additional built up area in lieu of the area relinquished or surrendered by the owner of the land, so that he can use extra built up area himself in some other land.

Introduction:

Housing is one of those basic social conditions that determine the quality of life and welfare of people and places. Rapid urbanization has placed remarkable strain on housing and service land. According to UN HABITAT by 2030, approximately 3 billion people, or above 401 per cent of the world's population, will need proper housing and access to basic infrastructure and services such as water and sanitation systems. This translates into the need to complete 96,150 housing units per day with serviced and documented land from now till 2030. However, ironically supply (especially in the developing world) is often limited by inadequate governance system/ human resource deficiencies/ institutions or regulations which are obsolete or lacking in capacity.

The Indian challenge is to place the reality of a recorded (Census 2011) rate of urbanization of 31.1% (377 million people) expected to house 600 million people by 2030 (up by 59% from 2011) with an expected urban housing shortage of 19 million; the slum population which is presently 66 million is projected at 105 million by 2017; the urban housing demand projected for the same year is as 88.78 million. In 2012 the Ministry of Housing & Urban Poverty Alleviation (MoHUPA) stated there was an undersupply of 18.78 million housing units, of which the economically weaker section (EWS) and Lower Income Group (LIG) constituted 95%. Whilst considering housing, it may be noted that Obsolescent houses (est. 2.82 million), as well as those with congestion (est. 18.42% of total households) have to be reckoned with in our Housing Demand.

To fulfill these needs, factors such as affordability of the buyers, development cost and selling price persistently influence the supply and demand in the housing sector. Based on the current situation, housing development is concentrated in the urban and sub-urban areas, where the purchasing power is higher and the market is extensive.

In order to address the current housing needs, both the Government and the private sector must play their respective roles to fulfill their social obligations especially to the low-income and economically weaker sections keeping in view limited public resources available and the heavy investments needed for creating housing infrastructure.

Housing for All:

Access to housing facilities, is a basic human need, next only to food and clothing. Effectively, society as a whole and poor in particular, must have access to livelihoods, finance and technology as well as relevant capacities, knowledge and skills for habitat development in order to enjoy the 'right to shelter'.

In order to address issues related to housing and informal settlements, the governments should create an enabling environment through robust National/ State Housing Policies that will help to increase the supply of affordable housing. This call for working together of key stakeholders such as national and local government bodies, non-governmental organizations, financial institutions, as well as builders and private sector developers. This will enable well defined institutional and operational conditions in order to support the housing sector more effectively and, in doing so, contribute to the provision of affordable adequate Housing for All.

Context of preparation of Housing for All Plan of Action:

The Government of India's transformation programme is to "raise living standard of low income households" for which Ministry of Housing and Urban Poverty Alleviation (MoHUPA) had come up with the "National Housing and Habitat Policy (NUHHP) 2007, a precursor to the current 'Housing for all' by 2022. Several steps would be taken under the Mission to overcome problems pertaining to housing specially involving the poor and the ultra-poor.

An impotent part here is to ensure that only eligible recipient received housing aid, and that they be identified at their current location through a web portal which has a state wide database for capturing on low-income households, with arrangements for constant monitoring and updation.

In order to address the current housing needs, both the Government and the private sector must play their respective roles to fulfill their social obligations especially to the low-income and economically weaker sections keeping in view limited public resources available and the heavy investments needed for creating housing infrastructure.

Accordingly, the Ministry of Housing and Urban Poverty Alleviation (MoHUPA) has launched "Housing for All" Mission through PradhanMantriAwasYojana (PMAY) for Urban Area to be implemented during 2015-2022 as a Centrally Scheme (except for the component of Credit Linked subsidy, which will be implemented as a State Sponsored Scheme. The Mission would provide central assistance to implementing agencies through State & UTs for providing housing to eligible families / beneficiaries by 2011. The Mission seeks to address the housing requirement of urban poor including slum dwellers for which all the states are required to prepare 'Housing for All of Action' with Annual Implementation Plans. Mission will assist State /cities in carrying out the activities for preparation of Housing for All Plan of Action (HFAPoA) under capacity building and A & OE funds. HFAPoA addresses urban poor who may not necessarily be slum dwellers.

All 4041 statutory towns as per Census 2011 with focus on 500 class I cities would be covered in three phases as follows:

- Phase I (April 2015- March 2017) to cover 100 Cities selected from States /UTs as per their willingness.
- Phase II (April 2017 – March 2019) to cover additional Cities

Ministry, however, will have flexibility regarding inclusion of Additional cities in earlier. The mission seeks to address the housing requirement of urban poor including slum dwellers through following programme verticals giving option to beneficiaries, ULBs and State Governments. These verticals are:

Town Features

Pujali Municipal Town, the smallest within the Kolkata Metropolitan Area is situated on the east bank of the river Hooghly. The Municipality, which governs the town within the district of South 24 Parganas, was constituted in 1993 by incorporating six contiguous rural mouzas surrounding the census town Pujali. The area covered by the Municipality is 8.44 Sq. Km (as per GIS survey, 2014) spreading over 16 wards. The neighboring municipality is Budge Budge.

Pujali is the home town of the Budge Budge Thermal Power Generating Station of Calcutta Electric Supply Corporation Limited (CESC). This plant is considered to be one of the most modern thermal power plants in India having 750-MW generation capacity. It employs around 682 techno-managerial staff and workers. Pujali also houses a good number of small scale industries like brick manufacturing and plastic fabrication units along with household industries in Potteries and 'JariShilpa'. The informal sector accounts for around 63% of the total working population of the Municipality. Food Corporation of India has a large warehouse complex in the Municipal area at its north- east boundary. The river front development has marked Pujali a popular tourist destination now. More than 22% of the town area is under low yield agricultural use with various sizes catchment tanks and water bodies. Ironically, Pujali still maintains its eco-system within its greeneries and rural ambience.
