	TOTAL=		28

After submission of proposal Kaliyaganj Municipality has submitted the requirement of Suction cum jetting machine. Therefore one no of Suction cum jetting machine may be proposed. The total proposal of Suction cum jetting machine is (28+1)=29.

A detailed list (Flag-A) for requisition and proposed Suction cum Jetting Machines is also enclosed herewith.

The above noted Suction cum Jetting Machine may be procured with suitable specification as available in the GEM.

The proposal is placed for your perusal please.

SUDA have received the procurement/requirement proposals from different ULBs time to time. Now, for compliance with SWM Rule 2010, ULBs are requiring different kinds of vehicles & equipment, which may be provided

centrally from SUDA to strengthen the capacity of ULBs in managing Solid waste Management within their municipal area.

Notis prepage, ~~it~~ is the requirement of suction cum jetting machines as obtained from different ULBs, is tabulated. We may propose a total of 28 nos. suction cum jetting machines to these ULBs, who placed their requisition time to time, in 1st phase. Fund for procurement of the vehicles is available in SBM fund of SUDA, as received.

The procurement proposal is thus placed in this file for kind approval.

Submitted.

D.D. (SUDA).

A good number of ULBs who have placed requisition are still having open drains and constantly been silted which needs a considerable man-days to clean off these drains and often creates serious unsanitary situation. As such considering the need and the requirement placed we may go for procurement of suction cum jetting machines from SBM fund through GEM portal procurement. Placed for kind perusal.

Di/z

What is the specific use of these machines?

What is approx cost estimate of individual unit?

Pl. enlighten.

11.07.19

Put up accordingly following SBM Rules & compliance.
